## IGNITING YOUNG MINDS FOR A BRIGHTER TOMORROW

Our Reception pupils visited the Lookout Centre and had a wonderful time exploring and learning. They discovered exciting things about light and sound through fun, hands-on activities that allowed them to experiment and investigate for themselves. The children particularly enjoyed trying out the interactive exhibits, which helped them understand how light travels and how sounds are made. The visit sparked their curiosity and encouraged them to ask questions, explore new ideas, and learn through play.

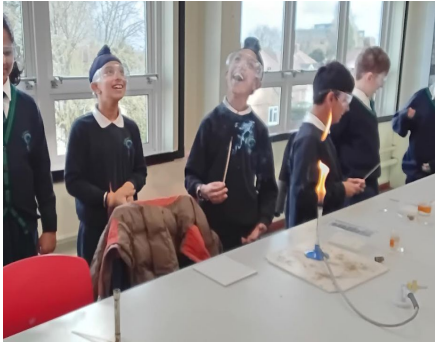

Last week's Scholastic Book Fair was a fantastic success and a real highlight of the school calendar. The fair created a wonderful buzz around reading, with pupils excitedly browsing the wide selection of books and sharing recommendations with friends. It was brilliant to see so many children engaged and enthusiastic about reading, discovering new authors and enjoying the opportunity to take home their own books. Thanks to everyone's incredible support, we raised a fantastic total of £1,460.51. This brilliant achievement reflects the enthusiasm and generosity of our school community. As a result of the high number of books sold, we are also delighted to share that the school has earned a reward of £800 to spend on new books for our library. This will allow us to further enrich our library with exciting new titles and continue to promote a love of reading across all year groups. A huge thank you to everyone who supported the fair. Your support makes a real difference and helps inspire a lifelong love of reading in our pupils.

## IGNITING YOUNG MINDS FOR A BRIGHTER TOMORROW

Our Year 5 pupils had a brilliant visit to Lampton School during science week, enjoying a morning packed with hands-on science. After a cheerful walk over, the children were welcomed into the labs to explore real secondary school experiments. They began by using Bunsen burners to see how different chemicals burn with different colours. When chemicals are heated, their particles release energy as coloured light, a simple way to spot each chemical's unique "fingerprint". The class also watched the floating tea bag experiment. Once the empty tea bag was lit, the hot air inside rose, lifting the light ash into the air like a tiny rocket. Finally, the children observed the famous elephant toothpaste reaction. This happens when hydrogen peroxide breaks down very quickly, releasing lots of oxygen gas and creating a huge, foamy eruption. The children represented Edison beautifully. Staff were so impressed that we've already been invited back next year, and every child received a certificate to celebrate their hard work.

Our school recently celebrated the arrival of spring with a delightful Easter performance, showcasing the creativity and enthusiasm of our pupils. The children worked incredibly hard in rehearsals to prepare poems, and sing a song, all centred around the themes of Easter, renewal, and the fresh energy that comes with springtime. Spring is often seen as a time of new beginnings, and just as people use this season for "spring cleaning" to refresh their homes, our pupils used this opportunity to refresh their learning, confidence, and performance skills. The event was filled with colour, energy, and smiles, as the children confidently took to the stage in front of their families and peers. Bright costumes and cheerful accessories, including colourful jumpers worn over school uniform, added to the lively and festive atmosphere. Parents and carers joined the audience to support the children, helping to make the afternoon even more special. As part of the celebrations, children and their parents also took part in a creative Easter bookmark activity. Working together, they designed and decorated bookmarks using spring colours and Easter-themed patterns, creating a fun and collaborative experience. Overall, the Easter performance and accompanying activities were a wonderful success, bringing the school community together in celebration of spring, creativity, and new beginnings.

We are thrilled to share that Zain, Kavin, Yash and Jorsh represented our school brilliantly at the Science Quiz Club Championships. The competition was challenging, fast paced and full of tricky scientific questions, but our team approached every round with confidence, teamwork and impressive knowledge. Their positive attitude and support for one another shone throughout the event, and we are delighted to announce that they achieved 8th place overall out of all the state schools in the country. This is a fantastic accomplishment, and we are incredibly proud of their hard work and enthusiasm.

Event	Date	Time	Parents Invited
Easter Bake Sale	Tuesday, 24 March	4:00pm - 5:00pm	Yes
Y6 PGL Meeting	Thursday, 26 March	4:00pm - 5:00pm	Yes
End of Spring Term	Friday, 27 March	1.30pm Finish	n/a
Children return to school	Monday, 13 April	8:30am	n/a
Y5 Arts Afternoon: a celebration of Vaisakhi	Tuesday, 21 April	2:30pm - 3:30pm	Yes
Reception - Height, Weight and Vision	23 - 24 April 2026	Morning	No

## Attendance Winners for week beginning **Monday 9th March**

Registration Form	Attendance
Y1 Watson	98.6%
Y6 Hawking	98.1%
Y5 Armstrong	97.4%
Y6 Einstein	97.3%
Y3 Curie	97%
Y4 Goodall	96.8%
Y1 Franklin	96.4%
Y2 Pasteur	95.9%
YR Bell	95.7%
Y5 Jemison	93.7%
YR Newton	92.7%
Y4 Carson	91.3%
Y3 Faraday	90.7%
Y2 Fleming	87.9%

## Attendance Winners for week beginning **Monday 16th March**

## Going Over and Above

We continue to have high expectations for our pupils, playing close attention to **High vocabulary** and for **Impeccable Behaviour**

Our pupils were celebrated in our weekly Celebration HT assembly for their ongoing commitment and efforts to adhering to four school principles: Ready, Respectful, Safe and Kind.

Class	Name of the pupil	Class	Name of the pupil
Bell	Zaki Ali	Bell	Jasnoor Sandhu
Newton	Miryam Burlacu	Newton	Arhashree Kaudapu
Watson	Lithvik Neradabilli	Watson	Akanya Sivaganthan
Franklin	Azmina Qurban	Franklin	Dilnoor Kaur
Pasteur	Serena Bansi	Pasteur	Gurvansh Singh
Fleming	Dylan Chavda	Fleming	Kyra Dang
Curie	Harshaan Singh	Curie	Veer Parbat
Faraday	Zulekha Fatima	Faraday	Zoya Kenth
Carson	Riddhi Maheswari	Carson	Maya Tyczynska Marwah
Goodall	Bani Randhawa	Goodall	Khushi Joshi
Armstrong	Kaysen Edwards	Armstrong	Roopreet Punain
Jemison	Jazlyn Fernandes	Jemison	Olivia Luca
Hawking	Myra Kochar	Hawking	Evelyn Fortune
Einstein	Viraaj Singh	Einstein	Gurleen Kaur
