Supporting Pupils with Long-Term Medical Conditions

Date	Review Date	Coordinator	Nominated Governor
June 2022	June 2023	Hardeep Rupra	Suvir Rai

We believe this policy should be a working document that is fit for purpose, represents the school ethos, enables consistency and quality across the school and is related to the following legislation:

- Medicines Act 1968
- Misuse of Drugs Act 1971
- Health and Safety Act 1974
- Children Act 1989
- Education Act 1996
- Education Act 2002
- Children Act 2004
- The NHS Act 2006
- Equality Act 2010
- School Premises (England) Regulations 2012 (as amended)
- Children and Families Act 2014
- Special Educational Needs and Disability (Amendment) Regulations 2015

The following documentation is also related to this policy:

- Equality Act 2010: Advice for Schools (DfE)
- The Special Needs and Disability (SEND) Code of Practice
- Supporting Pupils at School with Medical Conditions (DfE)
- Race Disparity Audit - Summary Findings from the Ethnicity Facts and Figures Website (Cabinet Office)

We are an inclusive school community that supports and welcomes pupils with long and short term medical conditions. We will not deny admission to any child with a medical condition or prevent them from taking up a place if arrangements for their medical condition have not been made.

We have a legal duty under the Children and Families Act 2014 to support pupils with long-term medical conditions such as diabetes, asthma and epilepsy, and we will ensure that these children have full access to the curriculum, all sporting activities and educational visits so that they can play a full and active role in school.

We believe schools can help children and young people living with medical and mental health conditions by listening to what they have to say and by so doing schools then become more positive places for all pupils, not just those with medical and mental health needs.

We understand that a medical or mental health condition may cause frequent short absences or times when part-time attendance is the most that pupils can manage. We have to be sympathetic to the nature of the disruption and to give pupils the best possible chance of continuing their education.

We work closely with parents/carers, health and social care professionals, the local authority, and other support services to ensure effective individual health care plans, monitoring, reviewing and updating procedures are in place and to ensure children with medical conditions receive a full education.

We understand individual healthcare plans will be drawn up in partnership between the school, parents, pupil and a relevant healthcare professional.

Edison Primary School

We want parents to feel confident and reassured that we are providing effective support for their child's medical condition that involves:

- having in place risk assessments for all school activities on and off-site
- having in place individual healthcare plans
- having good links with local health and social care services
- allowing children easy access to their inhalers and medication
- administering medication when and where necessary
- not ignoring the views of children, parents and medical professionals
- allowing children to participate in all curriculum, sporting and school activities
- providing assistance when a child becomes ill
- allowing children with medical conditions to take drinking, eating or toilet breaks when and where necessary
- not penalising a child for poor attendance due to their medical condition
- dealing with children's social and emotional problems linked to their medical condition
- building confidence and promoting self-care
- having in place sufficient First Aiders/Staff that are suitably trained
- having in place adequate absence cover arrangements for First Aiders/Staff ensuring someone is always available
- ensuring all relevant First Aiders/Staff including supply teachers are aware of individual children's medical condition
- having in place effective transitional arrangements between schools

We are aware that we have a common law duty to act in loco parentis and we will take the necessary action in an emergency whether it is on or off-site.

Administration of medicines by First aiders is undertaken purely on a voluntary basis and individual decisions will be respected. However, appropriate training will be provided before any First Aiders who has volunteered and accepted this role to be familiar with all administration of medication procedures. Under no circumstances will a member of the First Aiders/Staff administer prescription medicines or undertake healthcare procedures without appropriate training.

We ensure the physical school environment is accessible, inclusive and favourable to pupils with short and long term medical conditions when undertaking all school activities in or out of school time.

We work hard to have in place and to maintain a system that ensures all medical care plans are kept up to date and are available at all times to First Aiders / other school Staff who may need them in an emergency. It is vital that all medical care plans clearly indicate whether a pupil needs emergency medication such as asthma inhalers or epipens.

First Aiders who have volunteered to administer or supervise the taking of medication attend regular refresher training and are up to date with the medical care plans for those pupils with specific medical needs or emergency medication.

We understand that inspectors will consider how well we meet the needs of the full range of pupils including those with medical needs. We are aware that 'key judgements will be informed by the progress and achievement of these children alongside those of pupils with special educational needs and disabilities, and also by pupils' spiritual, moral, social and cultural development.'

Therefore, we aim to be judged at least good in all school inspections by ensuring that standards for all pupils are higher than schools of a similar size and that standards continue to improve faster than the national trend.

Edison Primary School

We wish to work closely with the School Council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We all have a responsibility to ensure equality permeates in to all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

Aims

- To support pupils with long-term medical conditions such as diabetes, asthma and epilepsy.
- To ensure pupils with long-term medical conditions have full access to education, all sporting activities and educational visits so that they can play a full and active role in school.

Role of First Aiders/Staff

Administration of medicines by any member of the First Aiders/Staff is undertaken purely on a voluntary basis and individual decisions will be respected. However, appropriate training will be provided before any member of the First Aiders/Staff who has volunteered and accepted this role to be familiar with all administration of medication procedures.

First Aiders/Staff will:

- comply with all aspects of this policy;
- not administer medications without the appropriate training;
- not undertake healthcare procedures without the appropriate training;
- implement the school's equalities policy and schemes;
- report and deal with all incidents of discrimination;
- attend appropriate training sessions on equality;
- report any concerns they have on any aspect of the school community

Role of Pupils

Pupils will:

- be aware of and comply with this policy;
- be involved in discussions regarding their medical support and individual healthcare plan;
- after discussions with parents/carers be encouraged to manage their own health needs and medications;
- have access to their own medicines and relevant devices;
- be encouraged to work in partnership with the school by making decisions and exercising choice in relation to their educational programme;
- liaise with the school council;

Edison Primary School

- take part in questionnaires and surveys

Role of School Nursing Services

The school nursing service will:

- notify a school before a child, who has been identified with a medical condition and needs support, starts;
- provide information about medical conditions;
- support First Aiders/Staff implementing individual healthcare plans;
- provide advice and training on developing individual healthcare plans;
- provide support for children with medical conditions;
- liaise with lead clinicians

Role of Healthcare Professionals

Healthcare professionals such as paediatricians' and general practitioners will provide:

- contact the school nursing service when a child has been identified with a medical condition that requires support at school;
- advice on developing individual healthcare plans;
- information about medical conditions;
- support for children with particular conditions;
- training for First Aiders/Staff

Role of the Local Authority

The local authority will ensure support specified within individual healthcare plans is delivered effectively by providing:

- support, advice and guidance;
- training for First Aiders/Staff;
- advice on how pupils with medical conditions can maintain full-time attendance
- other arrangements if a child with medical conditions cannot receive a suitable education because of their health needs

Role of Clinical Commissioning Groups (CCGs)

We understand CCGs:

- commission healthcare professionals such as specialist nurses;
- ensure commissioning is responsive to children's needs;
- ensure health services are able to co-operate with schools supporting children with medical conditions;
- must make joint commissioning arrangements for education, health and care provision for children and young people with SEN or disabilities;
- must be responsive to local authorities and schools seeking to strengthen links between health services and schools

Role of Providers of Health Services

We understand providers of health services support children with medical conditions by providing information, advice and guidance to schools.

Edison Primary School

Raising Awareness of this Policy

We will raise awareness of this policy via:

- School website;
- Staff Handbook;
- Meetings with parents such as introductory, transition, parent-teacher consultations and periodic curriculum workshops;
- School events;
- Meetings with First Aiders/Staff;
- Written communications with home such as weekly newsletters and of end of half term newsletters;
- Annual report to parents;
- Headteacher reports to the Governing Body;
- Information displays in the main school entrance;
- Text messages
- Email
- Twitter

Training

Training will be provided to all First Aiders/Staff who support pupils with a medical condition and will consist of:

- awareness of the medical condition(s) in question
- first-aid
- administering medication
- record keeping
- intimate Care
- manual handling
- confidentiality
- periodic training so that they are kept up to date with new information
- equal opportunities training on induction

We ensure:

- all First Aiders/Staff:
 - have received the appropriate training on all safeguarding policies and procedures undertaken by a registered training provider;
 - are familiar with the following documentation:
 - Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges
 - Working Together to Safeguard Children: A Guide to Inter-agency Working to Safeguard and Promote the Welfare of Children
 - are aware of the following linked policies:
 - Administering Medicines
 - Curriculum
 - Health and Safety
 - Admissions
 - Medical and First Aid
 - Intimate Care
 - Manual Handling
- the content of all training is correct, delivered well and engages staff as we believe that the more engaging training is, the better the outcomes that we need to measure;
- all First Aiders/Staff understand and undertake their role in safeguarding and child protection effectively

Safeguarding

Edison Primary School

We are committed to safeguarding and promoting the welfare of all children as the safety and protection of children is of paramount importance to everyone in this school. We work hard to create a culture of vigilance and at all times we will ensure what is best in the interests of all children.

We believe that all children have the right to be safe in our society. We recognise that we have a duty to ensure arrangements are in place for safeguarding and promoting the welfare of children by creating a positive school atmosphere through our teaching and learning, pastoral support and care for both pupils and First Aiders/Staff, training for First Aiders/Staff and with working with parents. We teach all our children about safeguarding.

We work hard to ensure that everyone keeps careful watch throughout the school and in everything we do for possible dangers or difficulties. We want all children to feel safe at all times. We want to hear their views of how we can improve all aspects of safeguarding and from the evidence gained we put into place all necessary improvements.

Equality Impact Assessment

Under the Equality Act 2010 we have a duty not to discriminate against people on the basis of their age, disability, gender, gender identity, pregnancy or maternity, race, religion or belief and sexual orientation.

This policy has been equality impact assessed and we believe that it is in line with the Equality Act 2010 as it is fair, it does not prioritise or disadvantage any pupil and it helps to promote equality at this school.

Monitoring the Implementation and Effectiveness of the Policy

The practical application of this policy will be reviewed annually or when the need arises by the coordinator, the Headteacher and the nominated governor.

A statement of the policy's effectiveness and the necessary recommendations for improvement will be presented to the Governing Body for further discussion and endorsement.

Linked Policies

- Administering Medicines
- Curriculum
- Health and Safety
- Admissions
- Medical and First Aid
- Intimate Care
- Manual Handling

We believe this policy:

- has been reviewed thoroughly by the safeguarding governor and the Designated Safeguarding Lead has been questioned on it to make sure it stands up to scrutiny;
- flows and is easy to follow;
- is an essential part of the school;
- supports staff in managing certain situations;
- forms an important framework that will ensure consistency in applying values and principles throughout the establishment;
- provides guidance, consistency, accountability, efficiency, and clarity on how the school operates;
- provides a roadmap for day-to-day operations;
- ensures compliance with laws and regulations, gives guidance for decision-making, and streamlining internal processes;

Edison Primary School

- is designed to influence and determine all major decisions, actions and all activities taking place within the boundaries set by them;
- stems from the school's vision and objectives which are formed in strategic management meetings;
- has been received by all First Aiders/Staff via appropriate safeguarding training;
- is provided to all First Aiders/Staff and a hard copy can be found in the staffroom reference library
