

### Register of Business / Pecuniary Interests

Individuals should include interests of both themselves and any member of their immediate family (including partners). The register of interests must detail each governor's and other relevant person's business interests, the details of any other educational establishment that they govern and any personal relationships they have with school staff. Completion of this register does not remove the legal duty upon governors and members of staff with financial responsibility, to declare personal interest in any item of business at a meeting and for the person concerned to withdraw whilst the matter is considered.
