IGNITING YOUNG MINDS, FOR A BRIGHTER TOMORROW

This week, Reception has been focusing on birthdays, linked to our story Harry and the Dinosaurs Have a Birthday Party. The children have enjoyed talking about birthdays and thinking about what we might need for a birthday party. They practised their writing skills by creating lists of things they might need for a special celebration. The children also enjoyed making birthday cards for their family and friends, using their creativity to decorate and personalise their cards. Outdoors, the children have been developing their fine motor skills through cutting, sticking and wrapping presents. We also practised our squeezing and pressing skills by making juice for the dinosaurs to enjoy at their birthday party! It has been a fun and busy week of learning through play and celebration.

Celebrating Sarrinah Bhatti's Science Success! This week, Sarrinah in Year 6 did a fantastic job presenting during our KS1 and KS2 Science Assemblies. Over the summer holidays, Sarrinah independently researched a science topic, inspired by her sister, and amazed Mrs Juneja with the fascinating facts she had discovered about the cardiovascular system. What was particularly impressive was how she adapted her research to make it accessible and engaging for primary aged pupils, even making further changes especially for our younger KS1 children, showing she had a strong understanding of her chosen topic. Sarrinah presented confidently and clearly to both key stages and was a wonderful example of curiosity and independent learning. Many pupils left the assembly feeling inspired by Sarrinah and excited to carry out their own science research at home. We are looking forward to seeing what our pupils discover and hope some will follow in Sarrinah's footsteps by sharing their learning in a future Science Assembly! Well done, Sarrinah!

IGNITING YOUNG MINDS, FOR A BRIGHTER TOMORROW

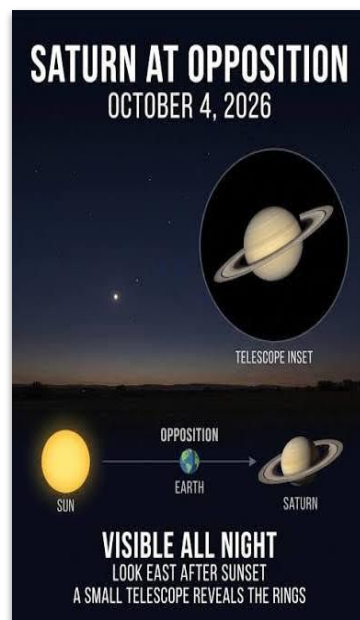

Choose Respect with Premier League Primary Stars

On Thursday, the children in Carson Class took part in an exciting Choose Respect workshop as part of the Premier League Primary Stars programme, led by Miss Weddell. The workshop encouraged the children to think about what respect means and how we can show respect towards both ourselves and others. Through a range of discussions and activities, the children explored how disagreements can happen and, most importantly, how we can respond to them in a positive and respectful way. The children shared some fantastic ideas and were encouraged to think about how they can make respectful choices in their everyday lives, whether that is in the classroom, on the playground, during PE or at home. As part of the workshop, each child completed their own Respect Pledge, making a personal commitment to showing respect and treating others with kindness. The children's pledges will now be sent to Brentford Football Club, and the children are very excited to receive their special Premier League Primary Stars stickers for completing the workshop! Well done, Carson Class, for getting involved and showing what it means to Choose Respect!

Our next sky watching challenge, Can you spot Saturn? Mrs Juneja was so impressed by how many pupils got involved with our Harvest Moon spotting! She really enjoyed seeing all your fantastic photos and observations. Thank you for getting involved! Our next challenge is Saturn! On Sunday 4 October, Saturn will be at 'opposition', making it one of the best times of the year to see it. What does opposition mean? Earth will be positioned between the Sun and Saturn. As the Sun sets, Saturn rises and will appear brighter than usual. How can you spot it? After sunset, look towards the eastern sky for a bright, steady point of light. You don't need a telescope – Saturn will look like a bright star. If you have a small telescope, you may even see its famous rings! Send in your photos and observations, we would love to see them!

You should always be accompanied by an adult when observing outside in the evening.

Attendance Matters

Attending school every day helps our pupils of Edison Primary School to achieve their full potential.

Research suggests that being in school regularly reduces stress and anxiety and boosts confidence. Therefore, our aim is for all children to be in school every day. We recognise that this isn't always possible, but we ask parents to support us to do everything we can together to ensure children attend school.

99%	Excellent attendance
96%	Good attendance
91%	Room for improvement
90% or lower	Cause for concern

From this academic year, parents will receive attendance reports via email and in these reports, key statistics for attendance and lateness will be shared. The first of these reports will be sent to parents in the coming weeks.

As a school, we have set an ambitious whole school attendance target of 97% but we do want to aim for excellent attendance at school.

Attendance Winners for week beginning Monday 21st September

Registration Form	Attendance
YR Bell	99%
Y1 Franklin	98.3%
Y4 Carson	97.9%
Y6 Hawking	97.7%
Y5 Jemison	97.4%
Y2 Fleming	96.7%
Y1 Watson	96.5%
Y4 Goodall	96.2%
Y2 Pasteur	95.2%
Y3 Faraday	94.6%
YR Newton	94.1%
Y3 Curie	94.1%
Y5 Armstrong	92.9%
Y6 Einstein	91.5%

Attendance Winners for week beginning Monday 28th September

Registration Form	Attendance
Y1 Franklin	99.5%
Y5 Jemison	98.6%
Y4 Carson	98.4%
YR Bell	98.3%
Y6 Einstein	97.5%
Y2 Fleming	97.2%
Y4 Goodall	96.6%
Y6 Hawking	95.3%
Y3 Faraday	94.4%
Y1 Watson	94%
Y3 Curie	92.2%
YR Newton	91.5%
Y2 Pasteur	89.4%
Y5 Armstrong	87%
